SECTION 3 – SERVICE DESCRIPTIONS (continued)

3.43 Simpli Analog

A special analog line may be supplemented with each Simpli-T, Simpli-T Plus, Simpli-T 3.0, IVP, DVP, Simpli-Business T, Simpli-Business T 2.0, Simpli-Business T v.3, Simpli-Business PRI, Simpli-Business PRI v.3, Business Allegiance, and Business Direct circuit at the same location for use with alarm, fax or data services that require a line outside of the T-1. Up to three (3) fax/alarm lines may be purchased at a single Simpli-T, Simpli-T Plus, Simpli-T 3.0, IVP, DVP, Simpli-Business T, Simpli-Business T 2.0, Simpli-Business T v.3, Simpli-Business PRI, Simpli-Business PRI v.3, Business Allegiance, and Business Direct T1 site at the rates set forth in the Rates Section of this Tariff, depending on customer location. These lines cannot be in a hunt group with lines on the T-1 and CLASS features and voicemail will not be an available option on these lines.

(D)
(N)

(D)
(N)

3.44 Installation Discounts

Customers who represent to the Company that they are in negotiations to utilize another service provider are eligible for a discount on the installation fees associated with the specific product purchased by the Customer. Customers must sign a one-year, two-year or three-year term plan to receive this discount. Customer discounts may be adjusted on an individual case basis in response to specific competitive circumstances. Customers may qualify for the discount based on term plan length or number of access lines purchased or their monthly revenue.

In accordance with the discontinuance charge, as described in Section 2, Customers will be responsible for reimbursement of the discounted installation fee should the customer discontinue service prior to the expiration of the term.

TRANSMITTAL NO. 116**LOCAL EXCHANGE SERVICE****SECTION 3 – SERVICE DESCRIPTIONS (continued)****3.51 Business Direct**

Business Direct is a business offering that provides local and Internet service, accommodating PRI and DID services, with dynamic bandwidth. The local service and data transmission share the available dynamic bandwidth, available in three increments, up to: 1.5 Mbps, 3.0 Mbps, and 4.5 Mbps, employing the use of the entire available bandwidth for data transmission when voice service is not in use. Voice service takes precedence over data and, as voice transmission is required, Internet bandwidth is reduced to accommodate voice needs.

The base package requires a minimum of six (6) channels. The base monthly recurring charge for Business Direct includes the six (6) required local channels. Additional channels can be added at an incremental charge. A maximum of twenty-three (23) channels are available with Business Direct. Only one trunk group will be supported per D channel.

Business Direct requires DID numbers. One block of twenty (20) DID numbers is included and additional blocks can be added at an incremental charge.

Business Direct includes PRI hunting in the base package and will be configured in consultation with the customer. Expanded Calling Service (LATA-Wide Calling) is included in the base package and will be automatically configured on all channels; thus, the Company must be selected as the customer's presubscribed intraLATA toll carrier on all channels. Calling Number and Name Delivery is included. NFAS configurations, PRI Rollover, and CLASS features are not available with Business Direct.

7037 Old Madison Pike, Suite 400
Huntsville, Alabama 35806

TRANSMITTAL NO. 116**LOCAL EXCHANGE SERVICE****SECTION 3 – SERVICE DESCRIPTIONS (continued)****3.51 Business Direct, continued**

Optional local services available with Business Direct include Simpli-Analog and T-Remote.

Simpli Analog lines may be supplemented with each Business Direct circuit at the same location for use with alarm, fax, or data services that require a line separate from the T-1. Features and voice mail will not be available on Simpli Analog lines. Simpli Analog provisions as set forth in Section 3.43 apply. Simpli Analog lines may be purchased at a single Business Direct site at the rates set forth in the Rates Section of this Tariff.

Alternatively, the T-Remote product is an available option for multi-location customers whose host or master location subscribes to Business Direct, but who also need analog service with CLASS features and/or voicemail service. T-Remote provisions as set forth in Section 3.35 apply. T-Remote lines may be purchased at the rates set forth in the Rates Section of this Tariff.

Subscription to the Company's InterLATA long distance service, T_5000 or T_2500, is required with Business Direct. Product descriptions, rules, regulations, and pricing for each long distance product are set forth in the Company's Interexchange Tariff. Other Company long distance services are not available in conjunction with Business Direct.

Internet access is included with Business Direct or the customer may select data services in lieu of Internet service.

TRANSMITTAL NO. 116**LOCAL EXCHANGE SERVICE****SECTION 3 – SERVICE DESCRIPTIONS (continued)****3.51 Business Direct, continued**

Customer Premise Equipment (“CPE”) is included as a part of the Business Direct package. This equipment remains the property of the Company and is available for use by the Customer as an enabler to this application. At the time the Customer cancels service with the Company, the equipment will be recovered. The Customer is not allowed to modify or change Company provided CPE. Only the Company is allowed to service and maintain the equipment.

Business Direct requires a 1, 2 or 3-year term agreement. Customers electing to enter into 2 and 3-year agreements are eligible for term discounts of 7% or 10%, respectively, off monthly recurring package charges for Business Direct. Customers subscribing to this product may also be offered Volume Level Discounts. The Volume Level Discount is determined based on competitive circumstances and the location of the end office serving the Customer.

Customers who enter into a term agreement may incur a Discontinuance Charge, as described in Section 2.
